About Gerry Crow

Gerry Crow is a renowned accurate, psychic-medium and has been reading, teaching and healing professionally for over thirty years. Since Gerry was a young child she has experienced innate psychic, clairvoyant and medium abilities. At the age of 17 when Gerry worked as a nurse her gifts came to the fore because Spirit began communicating to her, specific, divine direction for patients who needed healing and care. By following her unique Spiritual Guidance, utilizing the skills given to heal others, practicing deep meditation and working with others' Spirit Guides, Gerry excelled her development. The methods given to her from Spirit and her Guides to connect with body, mind, spirit and soul have evolved over many years in her practice and she now teaches them to her students.

As well Gerry has trained as a Metaphysical Consultant and practices in all levels of the healing arts. She has been initiated by authentic American Indian teachers in healing, bodywork, applied trance and shamanic journeying meditation practices. She includes all of this training within her teaching to ensure every student is brought to their highest potential.

Previous Students Appreciation

When I attended Gerry's Courses her unique ability in teaching spiritual and psychic disciplines was apparent. She was able to describe where I was within the meditations before I had shared my journey with the group. Needless to say I was blown away with her ability to look deeply within my soul.
With gratefulness **Lynne Gullifa, NSW**

Gerry's abundance of spiritual knowledge through many different mediums and her humbling nature is a testament to the connection she holds with Spirit. Through my life changing experiences in attending Gerry's Psychic and Spiritual Courses I have uncovered a deep sense of who I am in connection with my spiritual path. I can truly say that she has helped to shape the person that I have become and for this I hold so much gratitude. **Crystal Isaac, NSW**

Having embraced my spiritual journey over many years, I found my knowledge and sense of connection with Spirit expanded immensely as my path led me on to meet Gerry Crow and I have become a student of hers for some time now. Her knowledge is profound, and her dedication to being of service to her students on their individual journeys, along with her strength, integrity and gentleness, provide a space for each person to explore and grow as they are guided. I am deeply grateful to have experienced her teaching and guidance.
Judy Humphreys, NSW

Meeting Gerry and attending her psychic/spiritual development classes for the past twelve months has been one of the absolute highlights of my life. Although I had no previous experience with meditation prior to starting Gerry's courses, with her help and guided meditations I was very quickly connected with Spirit and within weeks, was overjoyed to discover my personal guides and teachers. Through glimpses of past lives during meditations, and connecting with my personal guides, my life's purpose has become very clear to me. Gerry's integrity is unquestioned and her kind, compassionate nature is all encompassing. I am so very grateful for the experience.
Joy Barnett, NSW

Since being a part of Gerry Crow's classes, I have gained a deep awareness of my own spirituality and now have an inner peace and compassion for myself and others which guides me in all areas of my life and especially in my work as a Kinesiology Practitioner. A warm and compassionate teacher and mentor with her special gifts, Gerry guides all her students to find their beautiful hearts and spirits. A life enhancing experience.
