

A CALL FOR HELP FROM THE TREES

My beautiful mother passed away in the January of 2011. She gave me the most precious gift. The knowledge beyond any shadow of a doubt that life continues after we pass from this earthly plane.

From that time until the present my spiritual growth has been rapid. After her passing I went to have an angel reading to assist me in connecting to my higher self. I then found a special feeling came over me when there was something I was meant to do.. I was guided to read certain books, be in a specific place at a particular time ,meet a certain person and so much more.

My life became full of synchronicities and my connection to my unseen helpers grew even stronger.

At the beginning of 2013 I was guided with the help of harmonics to send love and light to the trees and ask them to re-connect with the energetic grid that surrounds our planet.

This is what was shown to me.

Trees like people have a spirit within ,whose energy extends out into the physical, creating what we call an aura . If you are open and take the time to really look ,it is visible. This inner essence of each and every tree interconnect with the others. Through the leaves and the roots, this energy creates a web of light that covers our Mother Earth . This webbing is the supporting structure upon which the leylines or energetic gridwork of the planet rest upon and integrate with. The energetic webbing of the trees is vital in maintaining the integrity of the whole grid system. Along with oxygen the trees also release this light energy (which is often called PRANA) through their leaves, thereby assisting us all in the process of ascension for the Mother and all who live upon her.

In 2014 I walked past a local bookshop and was guided to purchase a book by Dorothy Maclean on her experiences in Findhorn and her ability to speak to the tree divas. This community in Scotland flourished in the 1970's and grew amazing fruit and vegetables on almost barren soil. .So successful were the gardens that scientists from all around the world came to study their methods.

This opened my eyes and my heart to the fact that every living thing on this planet is made up of energy and as such communication is possible. This concept is nothing new, thousands of years ago we all had this ability, the trees communicated to us in the form of a "**knowing**" that has been lost in our modern way of life. **The Shaman and indigenous people of the earth still have this ability, but it is something we are all capable of.**

Earth has reached the beginning of the Golden Age long since prophesised about. The trees are ready to share their Universal knowledge with us and it is only now at this point in time are we ready to receive this knowledge.

Through channelled information I have learnt that the trees not only provide the function of maintaining the integrity of the earth's energetic grid. Their origins are Stellar. During the Earth's formation and its history, there have been many asteroids and cosmic dust that has impacted upon the earth. As a result of this, the trees hold energies from all parts of the cosmos, They are our STELLAR GATEWAY and the consciousness they hold is beyond our current comprehension.

The trees have shown me that when a tree is cut down, this creates a black hole in the energetic webbing. Also if a tree is disturbed, through building or earthwork, it withdraws its energy into itself and is therefore cut off from the grid. Just recently I was told that there has been so much destruction of earth's forests that we are in danger of de-stabalising the grid system and in their words" WE ARE AT A CRITICAL JUNCTURE"

But I was also told THERE IS something we can do !

Free will intention is everything! What we focus upon we create ! If one person can make a difference, just IMAGINE how the effect is amplified if many hold the same vision.

All that is needed is for those who come from the heart to repeat this affirmation and to share it with others who hold a higher vision for the future of our planet and our ascension.

WE THANK THE TREES FOR ALL THAT THEY HOLD AND ALL THAT THEY BRING! WITH OUR FREE WILL INTENTION WE SEE ALL THE TREES THAT HAVE EVER BEEN, STANDING TALL AND STRAIGHT AND CONNECTED TO THE ENERGETIC WEBBING SURROUNDING THE MOTHER! THEREBY MAINTAINING THE INTEGRITY OF THE GRID NOW , ACROSS ALL SPACE AND TIME, FOREVERMORE ! SO BE IT!

SIMPLY BY SAYING AND VISUALISING THIS YOU PERFORM A SERVICE THAT IS BEYOND MEASURE !

THE MORE IT IS SAID AND THE MORE WHO SAY IT AMPLIFY THE EFFECT AND UNIFY OUR INTENT!

Much gratitude, love and light to you all !

Amanda De Lore (Harmony)
