

GRAIL HAVEN

VIBRATIONAL MEDICINE – HEALING WITH FLOWER ESSENCES

with Gerry Taylor-Wood (author of "The Journey to a Sacred Well")

Come join us for a day amongst the flowers, birds
and butterflies on beautiful Tamborine Mountain.

SATURDAY 22ND MARCH – 'A DAY WITH PAN' – THE EARTHLY ESSENCES FOR HEALING

This is a time of spiritual crisis on planet earth. This weekend will assist with awareness of how to heal ourselves and our precious planet by working with Pan and nature spirits – the Elven Kingdom – Faerie – Gnome and the Shining Beings - the 'Devas' of the ethereal world. Gerry will share amazing stories of how the elemental spirits and 'Devas' communicated with her the healing qualities of their flowers.

These can be used in your life for the advancement of your own path and spirituality. These unique Essences will assist in removing unseen ills and help to illumine your Path. You will learn how to make, use and blend essences, and take two home with you that you have made.

To every human ill, there is a plant that cures, and a planet that rules that plant.

SUNDAY 23RD MARCH – 'A DAY WITH THE LIGHT KINGDOM' – THE HEAVENLY VIBRATION FOR HEALING

This day will encourage you to work with the Unseen, as Gerry guides you to 'see', and feel nature spirits and their healing vibration. We will spend time in meditation on the plants and trees with the intention of advancing our own spirituality and assisting those around us. Gerry's many years of research on working with nature and vibrational healing she will share today. This includes references to the work of Rudolph Steiner, The Findhorn Community in Scotland and working with Vibrational Medicine.

*Vibrational Medicine is the healing of the future and Flower Essences are the clear carriers
of the highest vibration for healing on earth.*

***The 38 Grail Haven Flower Essences are steeped in the Grail Haven hand bottled
sacred spring water which aids and intensifies their potency.***

They are now being taught at the Australian Colleges of Natural Medicine (Endeavour)
– and Gerry teaches them in the U.K., France, Germany and New Zealand, annually.

TIME: 10am – 4 pm • PLACE: Tamborine Mountain • SUGGESTED DONATION: \$120 weekend or \$70 for one day
Concessions apply (Endeavour Students - \$33 per day). Lifts from Helensvale Station.
