**Did you know, like your unique fingerprint, so is your voice unique?**

Every voice contains not only your pain, your trials, but also your talents.

Tim has been blind from birth and due to this his listening skills have been heightened to an extraordinary extent.

***On the day Tim will explain:***

- The human voice, it's magic and mystery
- Sound activities to awaken our vocal consciousness, release stress and soften our hearts
- Tim will demonstrate by choosing someone from the audience, some of their hidden talents

After lunch (please bring a plate to share) there will be Walking the Labyrinth.

Also with every purchase of Rosemary's new book *How to Move Forward, Leave Your Thoughts Behind*, you will receive a personal Angelic Message.

## PLUS IN AFTERNOON 2.00pm

JULIA SMITH And Her SOUND BED And KIRLIAN CAMERA. *Inner Tranquility and Peace.*

***"YOU ARE MORE THAN YOU CAN SEE"***

**\*AuraEnergy Photography of your energy field and chakras. This is a fun way to interact with your energy field and can really help you understand where you are at.**

- **AuraEnergy Photos show you are more than you can see as they capture an 'in the moment image' of your whole self - the visible physical and invisible energy field that surrounds you and that you emit like a beacon.**

The colours in these photos provide interesting and valuable information about the current operation status of your chakras and the vibration in your energy field. By working with sound and colour, as pure sources of chi energy, these vibrational energies easily are absorbed into our bodies and greatly assist in cleansing, opening and balancing our energy field and chakras.

A few willing people from the audience will have the chance to receive 'before and after' AuraEnergy photos, after experiencing a short session on the Sound Massage table and Colour Therapy.

**The day will be finished with a fabulous Gong Bath. You are also welcome to Walk the Labyrinth.**
