## Soul Series Workshops - Mosman

### **Part 1: An Awakening - Saturday 23rd November 1pm - 4pm \$66 (1&2 together \$222)**

This groundbreaking workshop clearly explains the truth of WHO YOU REALLY ARE and WHY YOU ARE HERE, giving you a thorough understanding of all aspects of soul in your life. You will come away from this workshop leaving behind the concept that you are a victim to life and understand that you can lead a happy & fulfilling life easily by embracing and understanding who you really are! These workshops will expand your awareness and change the way you view your life – your past, present and future.

### **Part 2: Your Past, Purpose & Potential - Sunday 24th November 9am-5pm \$188 (1&2 together \$222)**

Before you were born, you made some very important decisions about your future life. Essentially, you created a **BLUEPRINT** for your soul, a plan for the evolution of your soul in this particular lifetime. Understanding these agreements, the themes and choices you made opens the space for amazing personal growth. All of your choices in life, from the selection of your genetics and family relationships, your experiences, your time and place of birth, even your name, have had purpose – have been part of a larger plan – a plan that YOU created, for good reason.

***Bringing the wisdom of your soul together in this way is INCREDIBLE and will change the way you see yourself and live your life, giving you meaning, clarity and purpose!***
