THE DARK MOON SACRED CEREMONY –

Receiving heightened Sophia energy of Love

**Facilitated by Narelle Green,
Julia Smith & Diana del Principio**

YOUR LIGHT CAN MAKE A DIFFERENCE - ARE YOU BEING CALLED? - Now is the time for us to unite and use the power of the Light to bring harmony and stability to our world.

The September Dark Moon Sacred Ceremony is about greater BALANCE in the forces influencing the world today. When we come together in Sacred Ceremony we invoke pure healing Light into the darkness, assisting to raise man's consciousness and bring harmony and peace to all.

Through Sacred Ceremony we create a magnified space of Oneness that takes all of us to greater heights than can be achieved alone. The energy of Oneness enables you to let go of old issues with ease and grace, and receive the higher energy we need to move forward, and create a better world for all.

During the phases of the Moon Spiritual energy is at a peak bringing revelations, and the possibility of quicker transformation in body, mind and spirit. Each phases of the moon, Dark, New and Full empowers and recharges us in different ways.

The September Dark Moon Sacred Ceremony will:

- 1.** Offer globally and individually the opportunity to bring more harmony to the creative forces of masculine and feminine that out of balance in our world today. The masculine and feminine forces when in balance, awaken the Christ Light within offering Christ Consciousness to all humanity.
- 2.** Assist in purifying and clearing past situations regarding role models and relationships that have moulded and influenced our behaviour and attitudes in life, such as current and past partners, mother and father, brothers and sisters, children etc. It is important for us to do this work together, as we are part of the collective mind, and therefore have the power to either dissolve or intensify negative emotions and thoughts which continue to be amplified.
- 3.** At the time of the Dark Moon, the Sophia energy is high. Sophia energy is the feminine aspect of the Divine, the Black Madonna and carries the Soul Essence of Love, Wisdom, Empowerment and the Divine Plan for humanity. You don't have to work it all out. You only have to come and expand your Light and receive.
