

Absent Healing

With Dr. Joanne Messenger BAppSc(chiro)

Joanne's absent healings are sensitive and powerful. After the healing appointment Joanne provides feedback and suggestions to move on the healing process. She is always insightful, accurate and sometimes surprising! Sally

I have been a patient of Dr Joanne Messenger's for about 10 years and love my sessions with her. Sometimes though, in our busy lives, it's difficult to fit in an appointment, so I was thrilled a couple of years ago when Joanne told me that she could do absent healings. They have proved to be invaluable and I can certainly feel and see the difference when she's done an absent healing for me. It's a wonderful gift she has and I feel grateful for her and her gift.
