

'A Return to the Heart'

Sydney 2012

Autori - coming to Sydney in February 2012 for this one dynamic seminar you will not want to miss!

"In the year of 2012 it is evident that the real Plan for humanity is to awaken the tremendous spectrum of powerful vibrant light contained within the heart. This is the real freedom, the freedom to live and create in the great light of God. During the 2day workshop you will receive a plenitude of light, which is the key ingredient in the shifting of consciousness, and indeed our journey is into the light." *Autori*

Given that the light has increased its potency recently it is possible now to upload far greater amounts of light than was the case in previous years. This shall be a main focus during the weekend to saturate you with the golden substance of God. During the workshop we will cover:

Understanding Light Technology and how to use this substance in everyday life.

What is divine Alchemy, and how can we apply this Alchemy in practical terms for manifesting.

" Seek and Yee Shall Find" Knowing and understanding what it is you really desire
