### ***Experience the Labyrinth of Chartres Cathedral to the sound of Sacred Bronze Gongs, Crystal Bowls and Harmonic Overtone Chanting***

Come to soak up the pure tones of white quartz singing bowls and harmonic overtone chanting in the superb resonance of this Walter Burley Griffin church while you contemplate your life's path and meditatively walk the legendary Labyrinth of Chartres Cathedral (France) as Benedictine Monks have for 800 years.

Then lie down within the Labyrinth, or sit back, and bliss out to the extraordinary power and beauty of the Sydney Sacred Gong Ensemble as they continue a 6,000 year old tradition by immersing you in the multiple sound waves and harmonics of large bronze gongs preceded by the pure tones of crystal singing bowls.
