PART 1. 2nd May – 20th June

Wednesdays 7.00pm – 8.30pm

What can we expect from the future? According to visionary and futurist Barbara Marx Hubbard, we will see a new type of human emerge in the world. She calls this the Universal Human, and it could be the key to our survival as a species.

The Universal Human is connected through the heart to the whole of life, evolving consciously and helping to co-create a new kind of spiritual path, something we've never experienced before, but which is perfect for our time.

This dramatic transformation of humanity is now possible because of the greater intensity of energy coming onto the planet.

As this stream of Light flowing into you becomes stronger there is an ever growing need to clear all obstructions and allow the Light into every cell of your body. There are areas where this radiant Light is prevented from reaching you. This resistance causes us pain and suffering.

There is a need to upgrade our body and mind so it can take more Light. So come and be part of the dramatic transformation – explore what needs to be released to be accepted to be able to safely raise our light frequencies to become a new human.
